

COLLEGE ACRES PUBLIC WORKS DISTRICT

Office of
Board of Commissioners

33 Citadel Drive
Aiken, South Carolina

Resolution Number: 2014-012

Date: December 2014 (Third reading at May 11th, 2015 meeting.)

Subject: Limit on number of garbage containers per household.

Proposal:

It is proposed that the College Acres Public Works District (CAPWD) limit the number of garbage containers allowed per address by the District. Each household is limited to two garbage containers. On the two holidays of Thanksgiving and Christmas, households can place extra garbage containers next to the curb if they work with the garbage truck automatic lift controls. No garbage bags are allowed that are not placed into containers.

Resolution:

Let it be resolved that CAPWD limit each household to no more than two (2) garbage containers. One 95 gallon garbage container will be supplied free to residents. If the garbage container works with the garbage truck lifts, the resident can supply a second container without additional fee by the District. Any households who want more containers than two (2) must request additional containers for a fee of \$3.50 per month to be added to the utility garbage bill. A request form must be submitted for more than two (2) garbage containers.

Motion:

Accept, Reject or Modify Resolution **Vote:**

Yes or No: Majority of two to pass

Approved By:

Commissioners:

Ray Edwards – Chairman
